**BARRIER** **OPERATIONS**

**U1** The first physical gate of the Quantum Experience. It is a one parameter single-qubit phase gate with zero duration.

QASM Matrix

```
gate u1(lambda) q {
  U(0,0,lambda) q;
}
```

QASM Matrix

## Gate Parameters

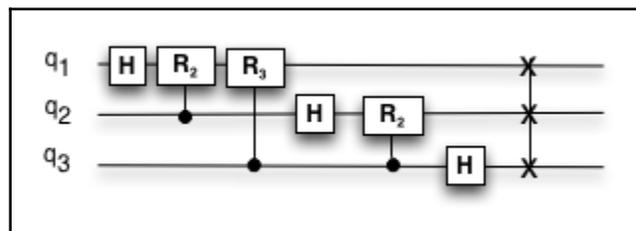

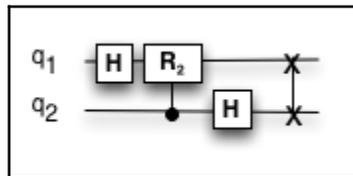

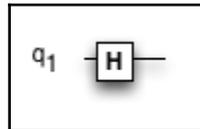

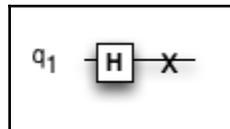

### lambda:

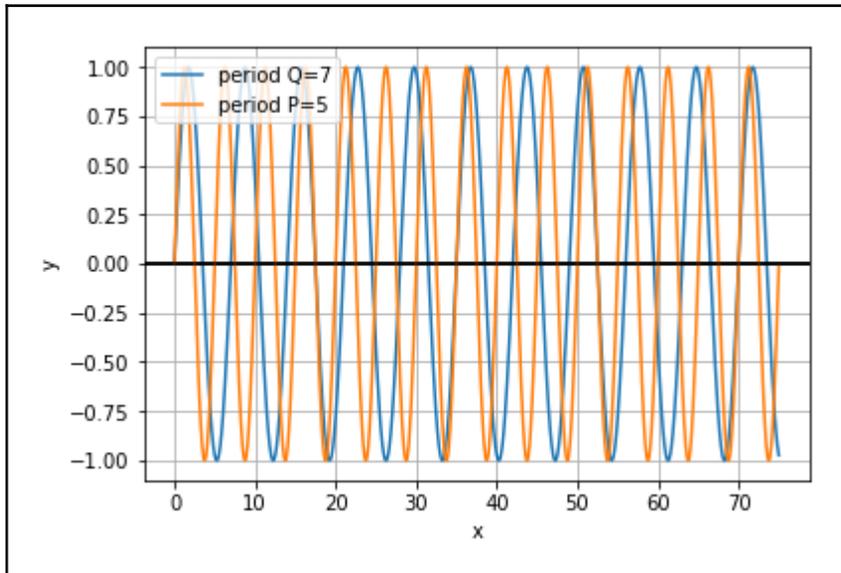

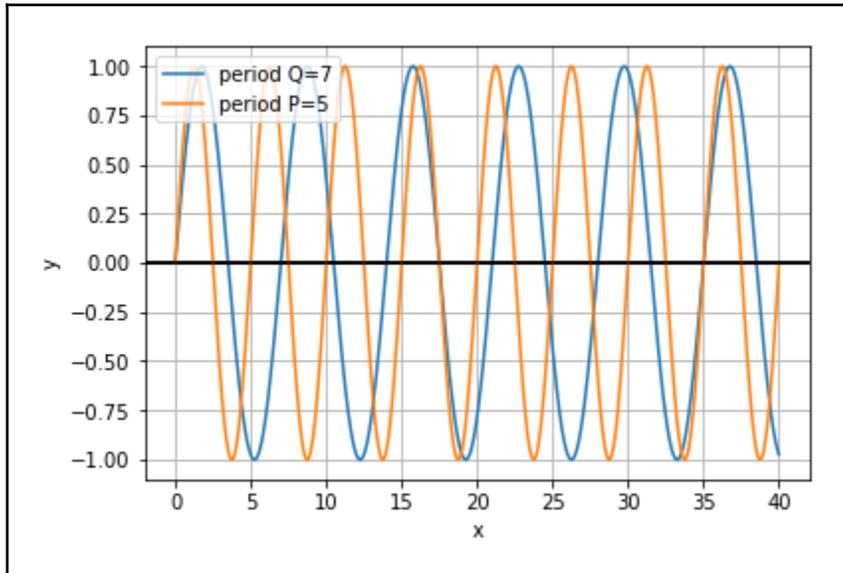

Please enter a phase rotation angle  $\lambda$  in radians (you can use real numbers or fractions of  $\pi$ )

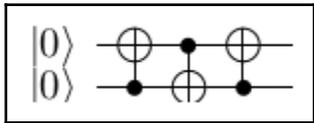

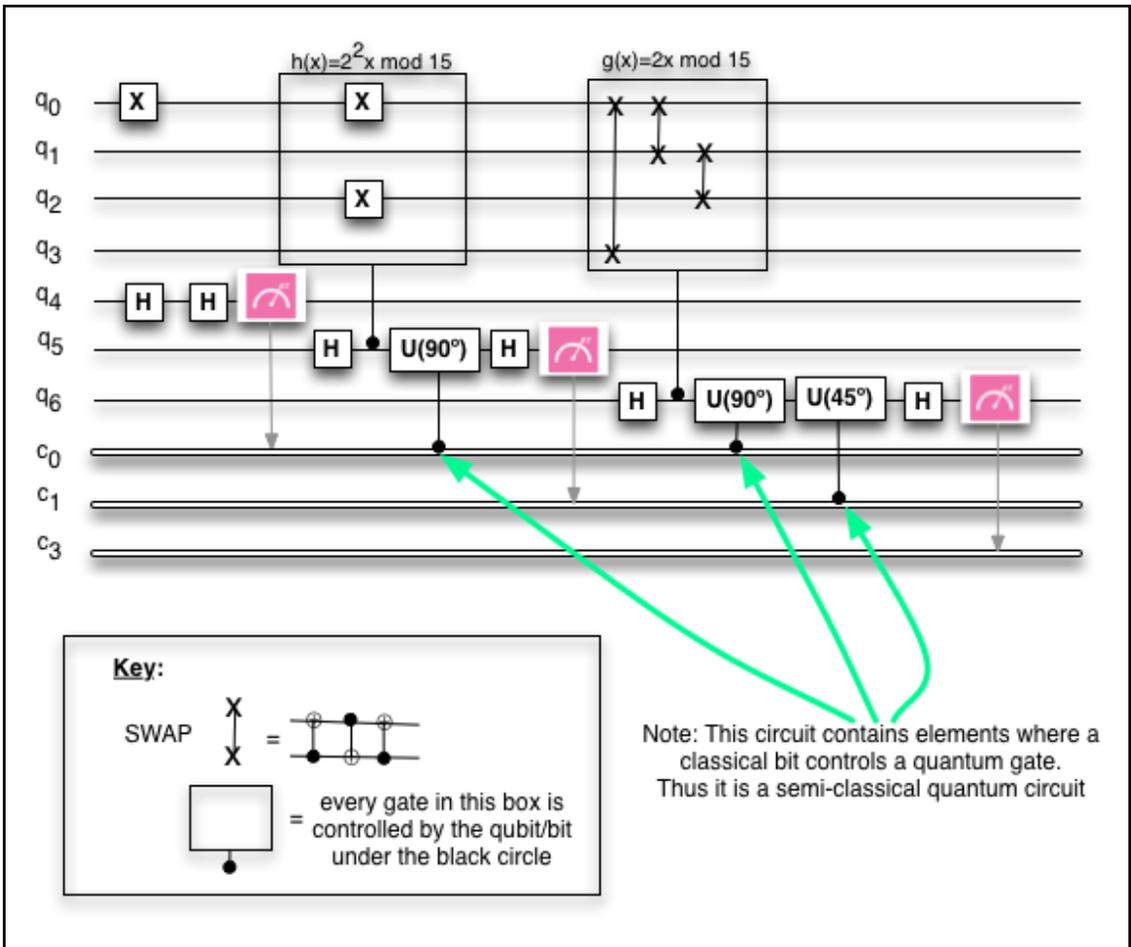

The parameter "lambda" is required
